PS300 VS

The PS300 VS is the ideal system for processing medium to heavy volumes of single sheet documentation at a processing speed adjustable up to 12,000 forms per hour.

This machine incorporates many new features, including the acceptance of landscape forms, options include a perforator and a centre cutter for a 2-to-view operation.

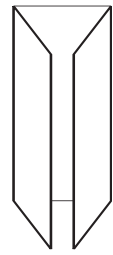

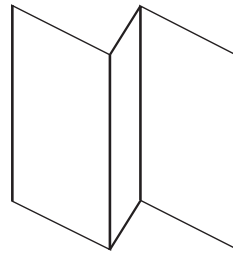

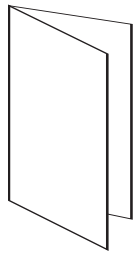

The PS300 VS is supplied with a vertical stacker, cabinet stand and dust cover.

The Pressure Seal Concept is simple, effective and essential for processing salary and pay advice notices, cheques and remittance forms, tax notification and pension forms.

Pressure Seal Systems can reduce your costs, improve labour efficiency and ensure document confidentiality.
